Uttara, Dhaka, Bangladesh

SUMMARY

Passionate Front-End Developer with 5+ years of experience in web and software development. Proficient in React, Redux, JavaScript, and A/B testing, with a proven ability to write clean, efficient, and maintainable code. Experienced in team collaboration and adaptable to both remote and in-office work environments.

EXPERIENCE

Senior Developer

07/2024 - Present

Vertis Digital

Singapore - Remote

- Lead and Deliver Solutions – Own end-to-end delivery, ensuring scalable, high-quality solutions while setting best practices.
- Develop and Optimize UI – Build reusable React.js components, translate designs into code, and create experimentation scripts for VWO, Optimizely, and Adobe Target.
- Architect Scalable Systems – Design maintainable software architectures, improving efficiency and timelines.
- Collaborate Across Teams – Work with clients and internal teams to configure and deliver tailored solutions.
- Mentor & Guide – Conduct code reviews, provide mentorship, and support junior developers' growth.

Senior Software Engineer

01/2021 - 06/2024

EchoLogyx

Dhaka - On-site

- Develop user-facing features with React.js, creating reusable components and front-end libraries. Design a responsive web UI and translate designs and wireframes into highquality code.
- Serve as a technical consultant, sharing web development expertise and insights during internal and client-facing video calls.
- Write high-quality experimentation code with HTML, SCSS, and JavaScript for tools like Optimizely, Adobe Target, and VWO.
- Review code and tool setups, ensuring best practices and high standards.
- Contribute ideas and feedback to support the growth and scalability of CRO Metrics as a business.

Software Engineer

11/2019 - 12/2020

EchoLogyx

Dhaka - On-site

- Developed A/B tests using Vanilla JS, jQuery, HTML, and CSS to improve user experience.
- Leveraged platforms like Adobe Target, Optimizely, AB Tasty, and Google Optimize for precise experimentation.
- Ensured pixel-perfect, bug-free tests by adhering to client specifications.
- Maintained clear communication with Project Managers, QA Analysts, and clients.

EDUCATION

Bachelor of Science in Electronics and Communication Engineering (B.Sc. ECE)

2012 - 2016

University of Khulna

Khulna, Bangladesh

Higher Secondary School Certificate (HSC)

2010 - 2011

Satkhira Government College

Satkhira, Bangladesh

GPA | 5.0 / 5.0

Secondary School Certificate (SSC)

2009

Satkhira Government High School

Satkhira, Bangladesh

GPA | 5.0 / 5.0

SKILLS

Technologies

React, Redux, JavaScript, Node JS, MongoDB, Mongoose, jQuery, SASS/LESS, Bootstrap, Tailwind CSS

Optimization & Testing:

CRO Development, A/B Testing, Personalization, Optimizely, VWO, Google Tag Manager

Version Control & CI/CD:

Git, GitHub, GitLab, Bitbucket

Testing & Build Tools

BrowserStack, Jest, Babel, Webpack, Vite

Languages

English, Bangla (Native)

STRENGTHS

💎 A/B Testing Expert

Spearheaded 1000+ high-impact A/B tests as a certified CRO Developer for Fortune 500 brands, resulting in substantial performance enhancements and boosted conversions. Proficient in utilizing tools like Optimizely, VWO, Adobe Target and others to craft seamless user experiences that deliver tangible results.

💎 Merit Scholarship

Received multiple merit scholarships for academic excellence, including scholarships from Khulna University and Jashore Education Board for HSC and SSC examinations, as well as junior-level scholarships for outstanding achievements.

💎 Front-End Development Expert

Specialized in building scalable, high-performance applications using HTML, CSS, JavaScript, and React. Skilled in creating responsive, cross-browser compatible designs, optimizing performance, and ensuring accessibility. Proficient in testing and debugging with tools like Jest, while delivering pixel-perfect UIs. Strong collaborator, focused on problem-solving and adapting to new technologies for intuitive user experiences.
